

HAZARDOUS STORAGE

FLAMBANK™

Strong lockable vault for storing hazardous goods safely and securely

- High & low level ventilation to prevent build up of fumes
- Robust steel plate construction giving maximum protection
- Chests supplied with 1 internal shelf
- Fully welded and tested sump base to prevent any leakage
- Finished in bright red with relevant hazard warning signs fitted as standard
- Flame arrester gauze fitted on all boxes
- Built to specification for ½ hour fire rating
- Suitable for chemicals or flammables

Hazardous storage vaults carefully designed to comply with regulations for safely storing flammables or chemicals. These COSHH boxes are built to the same high specification as the TuffBank™, ensuring that your goods are kept safe, secure and protected from the weather. With six different sizes, the FlamBank™ is ideal for building sites, factories or in commercial vehicles.
